CMP Corporation, founded in 1966, is based in Oklahoma City and operates a 160,000-square-foot manufacturing facility.

Our second 220,000-square-foot facility in Stone Mountain, GA, is equipped with updated disassembly and cleaning lines, custom-built assembly lines, and automated full-spec test stands.

CMP is now a top global provider of HVAC/R and remanufacturing products and services, renowned for their quality.

GOT CORES? - We Want Your Cores

Scan the QR Code and fill Out The Form If You Want To Sell CMP Your Compressor Cores.
